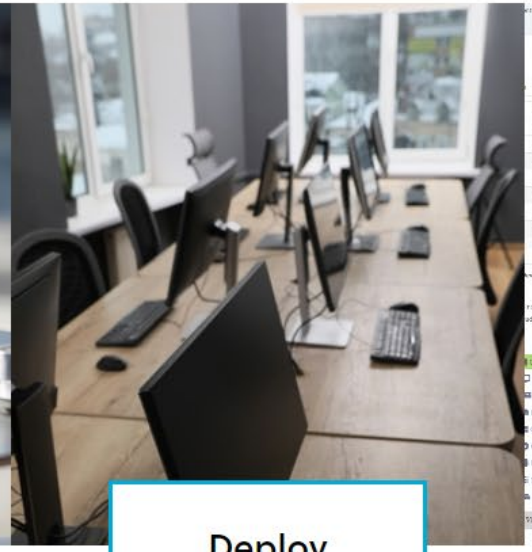
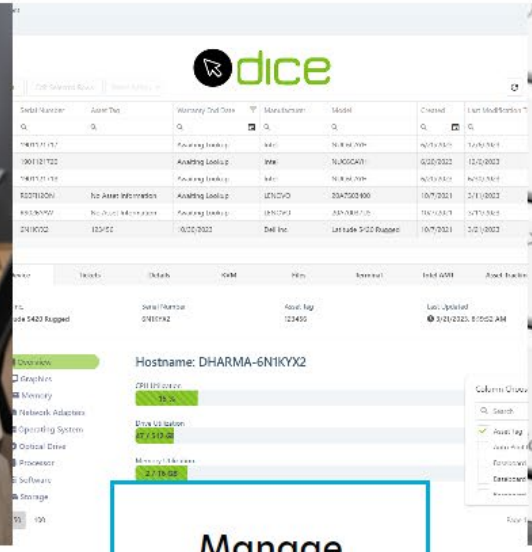
With a blend of proprietary hardware, cloud device management software and partnerships with industry giants including Intel, HP, Dell, and Lenovo, Now Micro is uniquely positioned to help customers maximize investments in technology.





Procure

We work as your advocate to equip your organization with the technology you need, at the right price.

Image

Our automated, highly scalable imaging services prepare your new devices exactly as you need them.

Deploy

We offer customizable deployment services that help tackle time and space obstacles.

Manage

We built a platform to manage your IT assets in a single pane of glass, making your day-to-day management easy.

Retire

Our approach to tech disposal and tech recycle ensures effective environmental control, making it a sustainable choice.

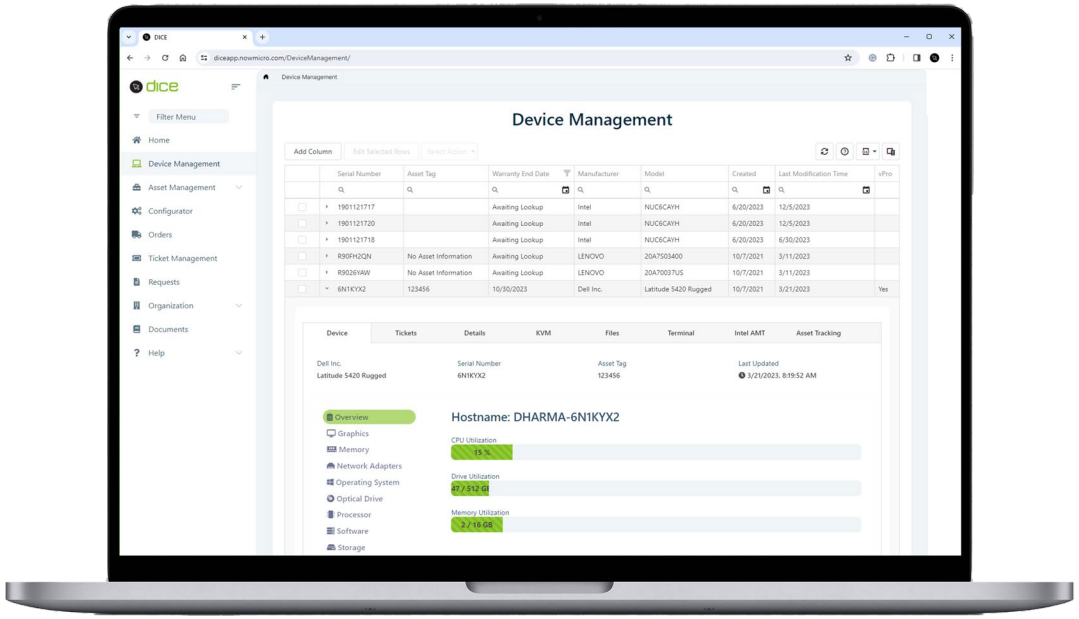
dice

DICE helps customers manage product lifecycles through a single pane of glass.



Example capabilities:

- Streamlined check-in and check-out processes for users
- Device lifecycle reports to quickly slice data for purchasing decisions
- Device location tracking
- Real-time data on devices
- Device and warranty information
- Interactive device management
- Intel vPro AMT out of band management

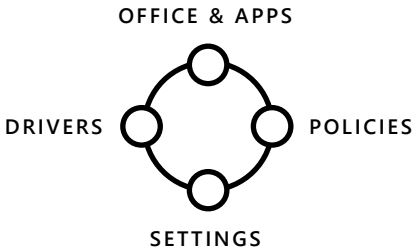
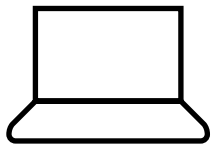
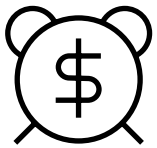
Traditional Windows Deployment



Build a custom image, gathering everything that's necessary to deploy



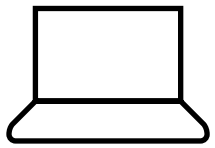
Deploy image to a new computer, overwriting what was originally on it



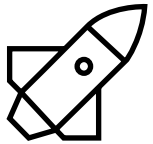
Time means money, making this an expensive proposition

© 2024 Now Micro. All rights reserved.

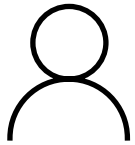
Modern Windows Deployment



Un-box and turn on
off-the-shelf Windows PC



Transform with minimal
user interaction



Device is ready
for productive use
